📍 Qalyubia Shubra Al Khaimah, egypt

WORK EXPERIENCE

Site engineer (Deputy site manager)

The Egyptian Company for Petroleum Refining department of agriculture (lailac landscape)

06/2021 - 12/2021

mustard Qalyubia EGYPT

Egyptian Petroleum Company, since 1982, and affiliated with the Egyptian General Petroleum Corporation, and the company contributes about 25% of the refining capacity in the Arab Republic of Egypt.

Achievements/Tasks

- I work with team consisting of 25 workers and agricultural supervisor ,Carrying out the tasks of the landscape engineer from designing irrigation networks and pumping units, choosing the best group of plants and planting them, choosing the appropriate irrigation and fertilization program for them, and then monitoring the plant to know the symptoms of element deficiency and diagnosing diseases if they appear and taking care of agricultural equipment, shearing machines, and pesticide spraying equipment

Contact: 011263378182 - ENG/ KHALED (lailac company site manger)

EDUCATION

Study Program

I studied at Benha University, Faculty of Agriculture, Department of Agricultural Engineering, and I finished my studies with a very good grade, and my graduation project was with an excellent grade. My orientation was biosystems engineering.

10/2018 - 06/2021

Benha Qalyubia EGYPT

Courses

- Irrigation systeme desine and landscap project desine
- Aquaponics
- greenhouse desine 2019

SKILLS

team mangment

Organization and Time management

MS Office and Computer skills

my AutoCAD is good

Able to solve any farm electricain problem

crobwat

Aquacrop

Supervision

Realtime programme

PERSONAL PROJECTS

design of 3 villas in Vilino Compound in Rehab (09/2021 - 10/2021)

ACHIEVEMENTS

Design and construction of 2 islands planted with demorphotica and aerobes, passing through the engineering design of the network and planting plants in the site of the land scape of the Egyptian Petroleum Refining Company. (10/2021 - 11/2021)

irrigation systeme desine and planting

LANGUAGES

ENGLISH

Full Professional Proficiency

INTERESTS

I am interested in what is new in the world of agriculture and the latest applications in the field of irrigation networks and their components

also I interested in playing chess
